

COVID-19 SAFETY PLAN

The Westdale

COVID-19 Safety Plan –

Business name: Westdale Cinema Group operating as The Westdale

Date completed: December 19, 2021

Date distributed: December 19, 2021

Developed by: Vangelina Simpson, Operations Manager & Neal Miller, Executive Director

Others consulted: Doug Sider

Approved by: Neal Miller, Executive Director

For more information visit [WSPS.CA/COVID19](https://www.wsp.ca/covid19)

NOTE: This document is intended for informational purposes only to provide an overview of the potential hazards posed in the workplace due to COVID-19. It is not intended as medical or scientific advice, to provide a comprehensive risk assessment for all workplaces, or to replace any legislated workplace safety obligations. Due to the ongoing evolution of the situation in Ontario and around the world, this document may be used as a guide for Employers in addition to guidance delivered by government and public health authorities, including, but not limited to the [World Health Organisation \(WHO\)](https://www.who.int), [Ontario Ministry of Health, Public Health Ontario](https://www.health.gov.on.ca) and the [Centres for Disease Control and Prevention \(CDC\)](https://www.cdc.gov). Any use which is made of this document by any Employer, or any reliance on or decisions to be made based on it, is the responsibility of the Employer. WSPS and its partners, officers, directors, employees, agents, representatives, suppliers and service providers accept no responsibility for any errors or omissions in content or for damages of any kind or nature suffered by any Employer or any third party as a result of use of or reliance on this communication.

COVID-19 SAFETY PLAN THE WESTDALE

SECTION 1: KEEPING THE WORKFORCE INFORMED ABOUT COVID 19

Note: Throughout this document, if any of the people listed are away from work (example – on vacation or off sick), they and/or their managers are expected to ensure a designate is assigned

UPDATES

All updates in information pertinent to this plan will be managed by Neal Miller, Executive Director. They will check the Ontario.ca site and the Hamilton health unit website daily for any updates, making sure any updates are shared with management and staff as appropriate. Supervisors are encouraged to share any additional information they may come across in the news directly to the Executive Director as soon as possible.

Communication with staff

The Executive Director checks updates daily and communicates via email to staff sent on an as-needed basis.

The Operations Manager will print/post these emails on the staff bulletin boards regularly/as required. Furthermore, the Executive Director will keep an up-to-date emergency contact list at all times.

Any in-person debriefs related to this plan are held in the lobby, before opening for business, so physical distancing can be maintained; wherever possible, information is shared by the Operations Manager by email.

The Executive Director and Operations Manager jointly send reminders as needed of how to keep safe, and thanking everyone for their cooperation, making sure to print/post these messages as well.

Training

The Operations Manager guide the staff on how to wear face coverings, following government guidelines.

The training provided includes instructing staff not to come to work if they are sick. The Operations Manager provides everyone with information about what to do if they develop symptoms, where the government's self-assessment tool can be found, and to contact the Operations Manager should they need to inform us. Moreover, staff are encouraged during regular training to use available COVID tracking and exposure tools, such as the [Canadian COVID Alert app](#).

COVID-19 SAFETY PLAN THE WESTDALE

Finally, the Operations Manager will ensure that staff are trained on the cleaning and disinfection procedures and schedule.

Communication with Customers

The Executive Director ensures that any notices required by public health or other government regulations are printed and posted visibly on all entrance doors. The Operations Manager supports this by forwarding any such information.

The Executive Director, reviews our social media, voice mail, web and other online sources weekly ensuring that they are updated to let customers know how we are working safely and what has changed, based on information shared with them by the Government of Ontario and Hamilton Public Health

When customers arrive, our staff asks for proof of vaccination, reminds them to keep their mask on at all times. There is no food or drink permitted to be consumed in the facility. Note that our Staff members must maintain physical distance, be wearing a face covering at all times when present in the lobby area during their shift.

SECTION 2: SCREENING

Should symptoms begin during their shifts, staff be required to go home and contact their health care provider or Telehealth Ontario (1-866-797-0000) for next steps and provide an update to the Executive Director.

COVID-19 SAFETY PLAN THE WESTDALE

Screening questions are posted on the doors for customers

- If a customer answers yes to any of these questions, they will not be allowed in the cinema.

Staff will record contact information (phone number or email address) for one customer per group in the electronic guest log. The daily log will be kept for a minimum of 30 days and backed up regularly by the Patron Manager.

SECTION 3: CONTROLLING TRANSMISSION

DISTANCING MEASURES

Wherever possible, shows have been scheduled with staggered start times to minimize patron interaction times in the cinema.

Auditorium limits have been moved to 50% capacity as of December 19, 2021.

COVID-19 SAFETY PLAN THE WESTDALE

Face coverings & masks

All staff must wear a mask or face covering at all times when on the premises, except for break times when physically distanced from others while eating or drinking in designated areas. This has been included in their training and is monitored across all shifts by the Operations Manager, supervisors and the Executive Director where they are able to do so.

As of December 19, 2021 masks must be worn at all times by guests. There will be no food or drinks sales and the consumption of outside food and beverage is strictly prohibited.

The Operations Manager has ensured that masks are available for anyone who needs one and that clear and up to date signage at **all entrances**, stating that all individuals must wear a face covering when entering the premises.

Transmission from surfaces and objects

All commonly touched surfaces and shared areas are cleaned at minimum at the start of the day and between shows. This includes seating, handrails, counters and washrooms.

Touch pads, self-service screens/kiosks, electronic payment machines and any shared concession equipment will be cleaned by staff between each use.

The Operations Manager will ensure that all cleaning and disinfection products we use are Health Canada-approved as effective against COVID-19.

Hand and respiratory hygiene

The Staff will make sure that hand sanitizer is always available at the entrance. When more is needed, they will contact the Rental & Theatre Coordinators to ensure we don't run out.

COVID-19 SAFETY PLAN THE WESTDALE

Public health posters on washing hands and on cough and sneeze etiquette will be posted in each washroom and monitored through routine inspections.

Staff responsible for cleaning the washrooms make sure paper towel is restocked frequently, and that there is hand sanitizer at the ticket counter, self-service kiosks, concession stand, greeter station and washroom. Garbage bins are emptied daily.

Staff have been instructed to wash their hands with soap and water or use hand sanitizer frequently; this is monitored throughout the shifts by management.

Ventilation and airflow

The Operations Manager does a daily walk through of the workplace every morning and opens any doors to allow for airflow, when weather permits, and it is safe to do so.

The Executive Director coordinates maintenance of the air-handling (HVAC) systems according to the manufacturer's schedule (at least semi-annual) and retains these records. The HVAC system was serviced in June 2021.

SECTION 4: Response for a potential case, or suspected exposure to, COVID-19

The phone number for Telehealth has been posted beside all phones. The phone numbers for our public health unit, the Ministry of Labour, Training and Skills Development and the WSIB are on the contact information sheet beside the phone in the office.

If someone becomes ill in the cinema:

- Staff are instructed to notify the Operations Manager if they start to feel COVID-19 symptoms or if they notice someone else showing symptoms.
- Staff must call 911 if a person is experiencing severe and potentially life-threatening symptoms, such as difficulty breathing.
- If a customer becomes ill, they are asked to leave the cinema as soon as possible. Staff must maintain physical distance, and any staff member who must go closer than 2 metres (e.g., for first aid), must be wearing PPE (procedure mask and face shield). If the customer needs to wait for a ride, they will be encouraged to wait outside, weather permitting, or in the lobby area beside the emergency exit door, maintaining a 2m distance from others.

COVID-19 SAFETY PLAN THE WESTDALE

- If a staff member becomes ill, they must inform the Rental or Theatre Coordinator immediately. The staff member must continue to wear a mask. They should go directly home, contact their doctor or Telehealth, and follow the instructions given.
- The Green room may be used as an isolation room for an ill staff member if they cannot leave the premises right away (e.g., waiting for a ride) and cannot wait outside.

Process for a confirmed case of COVID-19 in the workplace

Staff have been instructed to immediately contact the Executive Director if they are diagnosed with COVID-19 or test positive. The Executive Director will notify the Westdale Cinema Group Board of Directors.

If a customer contacts the cinema to tell us they have COVID-19, the Executive Director will be the primary contact.

The Executive Director will ask whether a public health nurse or case manager has given any information on next steps, and whether the worker thinks they may have been infected at work.

- If the worker or a public health official believes that the illness may be from workplace exposure, the Executive Director will report to the Ministry of Labour, Training and Skills Development and the cinema joint health and safety committee within 4 days, and to the WSIB within 3 days.

The Executive Director will contact our local public health unit to let them know that there has been a case in the cinema and ask for further direction.

If our local public health unit contacts the cinema to notify us that someone (customer or staff member) who was at the cinema has tested positive, the Executive Director will be the primary contact and will ensure that public health direction to the cinema is followed.

The guest log and contact information for staff and work-related visitors will be provided to public health if needed for contact tracing.

The Executive Director sends an email to all staff to let them know that there was an infected person at the cinema and when they were there, making sure that the person confirmed to have COVID-19 is not identified.

The Executive Director keeps in touch with the sick staff member while they are off work and keeps in touch with the WSIB if required. The Executive Director will also keep in touch with any staff members who have to self-isolate and share information about supports that may be available.

COVID-19 SAFETY PLAN THE WESTDALE

A staff member with COVID-19 will be allowed to come back to work after they have isolated for at least 10 days, don't have a fever and their symptoms have been improving for 1 day, or as otherwise instructed by public health or their doctor.

A staff member who has been self-isolating because they were a close contact will be allowed to come back to work 14 days after their last contact with the ill person. Staff members who are required to self-isolate will be given priority in shift scheduling upon their return.

SECTION 5: MANAGING NEW RISK

An assessment was completed by the Executive Director to identify additional risks that we need to control as part of our plans. They include the items detailed below.

Staff with less experience, due to turnover during closures

- We will hold regular virtual training, including standard health and safety and our orientation requirements, as well as having each new staff member connected with an experienced mentor who they can reach out to with questions
- Scheduling will be done to attempt to have at least one experienced staff member available for support for each shift

More exposure to cleaning chemicals, and workers using chemicals they haven't used before

- All staff are trained on safe use of all cleaning supplies which we are using,
- Mental health impacts because of customer demands, risk of infection due to contact with the public, and other changes and stress caused by the pandemic.
 - We have established regular check-ins with workers about how they're doing and make sure all staff have access to mental health resources and supports.

Violence and harassment hazards due to customers being frustrated with the new protocols.

- Staff have been instructed to call the Operations Manager over if a customer shows signs of irritation or anger.

COVID-19 SAFETY PLAN THE WESTDALE

SECTION 6: CHECKING OUR PLAN

- With help from the Executive Director, the Operations Manager get feedback from staff through regular conversations and pre-shift meetings, about the controls in place and if they are appropriate and/or causing concerns.
- Customers are invited to provide feedback by email.
- The Executive Director checks in weekly with the Board of Directors, about how the plan is working and reviews any feedback. Additional check-ins will also be held if there are changes to guidance or a major issue identified.
- Any changes to the plan will be communicated to staff by email. Coordinators will also communicate any changes to staff at the start of their shift.

VACCINES

The Westdale requests that only patrons who are fully vaccinated against COVID-19 (or those under the age of 12) enter The Westdale for public events. We make this request out of consideration for the health of our audience, our staff, and their families.

On September 22, 2021 everyone entering The Westdale will need to provide proof of COVID-19 vaccination status or valid exemption. Negative COVID-19 tests will not be accepted.

The Westdale has determined that the best way to protect its employees is to require them to be fully vaccinated with a Health Canada-approved COVID-19 vaccine, or combination of vaccines, as a condition of employment as of August 30, 2021.

COVID-19 SAFETY PLAN THE WESTDALE

A SNAPSHOT OF OUR COVID 19 Safety Plan – The Westdale

Date of Distribution: December 21, 2021

Others consulted: Doug Sider

Developed by: Vangelina Simpson, Neal Miller

Approved by: Neal Miller

HOW WE'RE ENSURING WORKERS KNOW HOW TO KEEP THEMSELVES SAFE FROM EXPOSURE TO COVID-19

- Our managers are regularly checking health information and news to inform our protocols.
- Staff reminders emailed weekly - new rules, changes to plan, and workplace safety reminders.
- Social media, voicemail, and our website inform customers of safety measures

HOW WE'RE SCREENING FOR COVID-19

- Screening questions are posted on the front door.
- Proof of vaccination or a valid exemption is checked every time a person enters The Westdale

HOW WE'RE CONTROLLING THE RISK OF TRANSMISSION IN OUR WORKPLACE

Source control masking

- We are operating at 50% capacity as of December 19, 2021
- No food or drink sales as of December 19, 2021.
- All staff are required to wear a mask while at work.
- All workers are required to be fully vaccinated against COVID-19
- Customers are required to wear a mask at all times.

COVID-19 SAFETY PLAN THE WESTDALE

COVID-19 SAFETY PLAN THE WESTDALE

Transmission from surfaces and objects

- High touch surfaces are cleaned and disinfected before each show.

Hand and respiratory hygiene

- Hand sanitizer is available throughout the cinema and refilled regularly.
- Signage is posted to remind everyone how to properly wash their hands.

Ventilation and airflow

- When it's possible and safe to do so, doors are kept open.
- The building ventilation system is being maintained to ensure it is working properly.

What we will do if there is a case, or suspected exposure to, COVID-19 at our workplace

- Communicate with our staff and customers and support staff members who are sick or self-isolating.
- Follow public health direction and share information (from the guest log) about people who entered the cinema to help public health contact tracing if needed.

HOW WE'RE MANAGING ANY NEW RISKS CAUSED BY THE CHANGES MADE TO THE WAY WE OPERATE OUR BUSINESS

- Added supports for mental health and training for new hazards.

HOW WE'RE MAKING SURE OUR PLAN IS WORKING

- Seeking feedback from staff (in person) and customers (by email).
